## MEMORANDUM FOR RECORD

cancellation not permanent.

A: I really couldn't say.

SUBJECT: 27 July Briefing Cancellation

I have had telephone calls this morning from two firms invited to the 27 July briefing. The sense of the questions I received and my comments are provided herewith for your information. 25X1A Has some firm really come in with a significant technical input? Has someone proposed a "winner"? No one had "stolen" the program that I know of. 25X1A  $\Omega$ : Is \_\_\_\_ out of the picture or still in the running? 25X1A A: is recognized as a good and competent company in this area. When will it surface again? Any idea? O: A: Can't really say; primarily a question of timing. 25X1A 25X1A Could I shed some light? Should proceed to get a management proposal ready? Senior corporative engineers were already at work. Unselicited input might be of use and I would check. However, sufficient notice could be anticipated if, as, and when. I recommended no effort at this time.

O: When might the meeting be called? Surely hope
